PRODUCT FEATURES
产品特点

The industrial dehydrator is designed with a distinctive three-legged suspended structure that effectively mitigates vibrations resulting from load imbalances. The rotating drum is constructed from high-quality stainless steel, ensuring robustness and durability.

工业脱水机独特的三足悬摆式结构,可避免因载重不平衡而产生的振动转胆采用不锈钢板精制而成,坚固耐用特有制动开合臂装置,制动性能好,安全可靠。
